

Remarks:

Applicant thanks the Examiner for the courtesies extended during the interview on January 7, 2009. Applicant hereby cancels claim 1-25 without prejudice and submits a new set of claims. The pending claims are now claims 26-135. No new matter is present. Of these claims, the independent claims are claims 26, 62, 79, 113, 128 and 132. Applicant respectfully submits that these claims are patentable over the cited references at least because the cited references do not disclose the combination of features recited in these claims. To the extent required by 37 CFR 1.33(b) and MPEP 713.04, please consider this response together with Applicant's PTOL-413A form as Applicant's written summary of the interview. At the interview, Applicant discussed the invention, a live demonstration of the current [www.alamo.com](http://www.alamo.com) website, the cited art, and the outstanding rejections. Applicant submits that the new claims presented herein are consistent with the discussions at the interview and request favorable action by the Examiner.

If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided below.

Respectfully submitted,
